From the show's creators comes the groundbreaking, bestselling novel inspired by the hit Broadway show Dear Evan Hansen. Dear Evan Hansen, Today's going to be an amazing day and here's why... When a letter that was never meant to be seen by anyone draws high school senior Evan Hansen into a family's griever over the loss of their son, he is given the chance of a lifetime: to belong. He just has to stick to a lie he never meant to tell, that the notoriously troubled Connor Murphy was his secret best friend. Suddenly, Evan isn't invisible anymore—even to the girl of his dreams. And Connor Murphy's parents, with their beautiful home on the other side of town, have taken him in like he was their own, desperate to know more about their enigmatic son from his closest friend. As Evan gets pulled deeper into their swirl of anger, regret, and confusion, he knows that what he's doing can't be right, but if he's helping people, how wrong can it be? No longer tangled in his once-incapacitating anxiety, this new Evan has a purpose. And a website. He's confident. He's a viral phenomenon. Every day is amazing. Until everything is in danger of unraveling and he comes face to face with his greatest obstacle: himself. A simple lie leads to complicated truths in this big-hearted coming-of-age story of grief, authenticity and the struggle to belong in an age of instant connectivity and profound isolation.

Pigs, Pork, and Heartland Hogs is an engaging celebration of the 12,000-year connection between humans and the world's most commonly consumed meat: pork. Throughout history, pigs shaped cultures and cuisines. Introduced into the Americas, they changed lives and, in time, helped define the Midwest, reflecting the region's diversity and abundance.

The English court masque was one of the most extravagant and spectacular forms of entertainment ever produced, the most important period being between 1600 and 1640 when the writers included some of the best-known poets and dramatists of the age. This volume, first published in 1967, was the first selection of masques to be published in England in the twentieth century. It consists of fourteen masques, each specially edited with an introduction and commentary by a different scholar, including Ben Jonson, James Shirley, Samuel Daniel, Thomas Campion, Francis Beaumont, William Browne, Thomas Middleton, Thomas Nabbes and William Davenant. Professor Gerald Eades Bentley examines the masque as Jonson conceived it and the clash that took place between Jonson and his collaborator as designer, Inigo Jones. There is also a final essay on the influence of the masque on the drama of the period. A group of 48 plates has been prepared many of them reproducing designs by Inigo Jones.

These ardent, even obsessed, poems about erotic passion are among the brightest jewels in the crown of Latin literature. Written by Propertius, Rome's greatest poet of love, who was born around 50 b.c., a contemporary of Ovid, these elegies tell of Propertius' tormented relationship with a woman he calls "Cynthia." Their connection was sometimes blissful, more often agonizing, but as the poet came to recognize, it went beyond pride or shame to become the defining event of his life. Whether or not it was Propertius' explicit intention, these elegies extend our ideas of desire, and of the human condition itself.

Food historian Cynthia Clampitt pens the epic story of what happened when Mesoamerican farmers bred a nondescript grass into a staff of life so prolific, so protean, that it represents nothing less than one of humankind's greatest achievements. Blending history with expert reportage, she traces the disparate threads that have woven corn into the fabric of our diet, politics, economy, science, and cuisine. At the same time she explores its future as a source of energy and the foundation of seemingly limitless green technologies. The result is a bourbon-to-biofuels portrait of the astonishing plant that sustains the world.

The Solitary Sphere in the Age of Virgil uses an enriched tripartite model of Roman culture-touching not only the public and the private, but also the solitary—in order to present a radical re-interpretation of Latin literature and of the historical causes of this third sphere's relative invisibility in scholarship. By connecting Cosmos and Imperium to the Individual, the solitary sphere was not so much a way of avoiding politics, as a political education in itself. As re-imagined by literature in this age literature, this sphere was an essential space for the formation of the new Roman citizen of the Augustan revolution, and was behind many of the notable features of the literary revolution of Virgil's age: the expansion of the possibilities of the book of poetry, the birth of the literary cursus, new coordinations of cosmology and politics within strictly organized schemes, the attraction of first-person genres, and the subjective style. Through close readings of Cicero's late works and the oeuvres of Virgil, Horace, and Propertius and the works of other authors in the age of Virgil, The Solitary Sphere thus presents a revelatory reassessment of the classicism of classical Roman literature, and contributes to the study of pre-modern culture more generally, especially for traditions that have taken antiquity as too fixed a point in their own literary, religious, and cultural histories.

This is a portrayal of two plebian families that lived far into the Appalachian Mountains. The fiery Jasper Burnine family, Caucasian, and The Moon Clan, Cherokee, were across from the other on Clear Creek. Surprisingly, they became close. The hot-tempered Burnines became bitter over the ill treatment of the Moon clan. The Moon, the ex-Cherokee warrior, became an enraged madman.

Privately he declared war on those that came to molest his family. The intruders that couldn't escape his wrath were left as food for the buzzards and foxes. This book has a powerful story. It is fast paced, violent, romantic, bawdy, hard bitten, comical, and haunting. Life was hard in the mountains. Half the children died young. In the new nation there was little law enforcement, so each family stayed on guard. The time, 1790 to 1840 was a time of crisis for the new nation called the United States of America. Would it remain a nation? The British were lurking, waiting for an opening. The Cherokees, beaten in war, saw their land taken as white people came to settle the new continent. The Indians worried over this for years. Would they have to move across the big river to the new country?

NEW YORK TIMES BESTSELLERAMAZON BEST BOOK OF THE YEAR Unlikely pig owners Steve and Derek got a whole lot more than they bargained for when the designer micro piglet they adopted turned out to be a full-sized 600-pound sow! This funny, inspirational story shows how families really do come in all shapes and sizes. In the summer of 2012, Steve Jenkins was contacted by an old friend about adopting a micro piglet. Though he knew his partner Derek wouldn't be enthusiastic, he agreed to take the adorable little pig anyway, thinking he could care for her himself. Little did he know, that decision would change his and Derek's lives forever. It turned out there was nothing "micro" about Esther, and Steve and Derek had actually signed on to raise a full-sized commercial pig. Within three years, Tiny Esther grew to a whopping 600 pounds. After some real growing pains and a lot of pig-sized messes, it became clear that Esther needed much more space, so Steve and Derek made another life-changing decision: they bought a farm and opened the Happily Ever Esther Farm Sanctuary, where they could care for Esther and other animals in need.
