Jamil Elabed, the author of this 8th Golden Copy edition of the translation into Arabic of Khalil Gibran's *The Prophet*, spent twenty years and eight editions refining this work. The Arabic language is his greatest passion. As a graduate of English Language and Literature, his English language skills helped him translate one of the greatest books in history into Gibran's mother tongue, a book that has sold more than one hundred million copies worldwide and has been translated into more than a hundred languages. Jamil revelled in the company of Gibran's visions and thoughts over the years, hence his relentless refinement to bring this Golden Copy to as close to perfection and thorough faithfulness to the original text as he possibly could. This obsession was driven by his primary purpose of providing Arabic readers with the same pleasure that readers of the original English text bask in. This herculean linguistic challenge Jamil undertook changed his life in so many ways. The vagueness of being was no longer as vague; we are no longer more body than spirit; what is here is not all that is there. *The Prophet* is a long poem that we all crave to sing. A song the translator sang with Gibran, albeit in Arabic this time. The Arabic words and phrases came from the same reservoir and transcendental echoes as their English counterparts; from the same mysterious caves, bearing the same breath and the same rhythm. However, the translator leaned heavily on the grandeur and the inherent vigorousness and tunefulness of the Arabic language that sent its words fluttering like robins in flight, and the phrases streaming like a brook in a melody of image and sound, reflecting those which Gibran saw and heard in his short but enormously bountiful and inspiring life.

The Eye of the Prophet is a luminous collection of Gibran's writings translated from Arabic into French and now into English. Here the author is the poetic, philosophical moralist, grounded in Islam, Buddhism, and Christianity, seeking the best in people, refusing to separate humankind from the natural world. Ordinary work and life, he says, has the potential to be inherently noble, if we can learn to enact our affairs with the sublimity of nature's creations. Gibran's descriptions celebrate the dignity and freedom of animals, birds, the seasons, oceans, clouds. His is a poet's eye; he abhors the "tentacles of government" and calls on citizens to question all ideologies. In this book he writes about life's great moments and passages (*The First Kiss*, *The First Glance*, *The Mystery of Love*, *Youth*); eternal essences (*Earth*, *The Nature of Woman*, *Marriage*, *Love*, *Truth*, *Poetry*), and grapples with nationalism, religion, and spiritual growth. *The Eye of the Prophet* blends Christian, Muslim, and Buddhist ideals into a great spiritual tapestry that transcends all cultural divisions. With its vibrant, rhythmic language, it speaks to our challenging times as a worthy companion to *The Prophet*.

Introducing us to the most famous poems of the Lebanese poet Kahlil Gibran, Osho takes the reader into a mystical world, addressing essential issues in everybody's life. The famous verse that gives the title to this book is about "love"—but not the ordinary love we know from novels and movies. Speak to us of Love gives a taste of a contemporary mystic at work, trying to disrupt our dreams, illusions, and the state of unconsciousness that prevents us from enjoying life to the fullest. This is about and for the millions of people in the world who have killed their love with their own hands, and who are now miserable. They never wanted to kill it, there was no intention to kill their love, but in their unconsciousness they started possessing. Husbands possess their wives, wives possess their husbands, and parents possess their children. Teachers are trying in every possible way to possess their students. Politicians are trying to possess countries. Religions are trying to possess millions of people and control every aspect their lives. This book shows that life can only thrive in freedom. Love never allows anyone to possess it, because love is our very soul. For Osho, the basis of all our neuroses or psychoses is simple: our souls are not nourished. Love, the basic nourishment, is missing. Osho comprehensively trounces the so-called religious and philosophical approaches to life. All that is of worth is to be found, not in the extraordinary, but in the ordinary; not in fantastical ideas of the "other world" beyond death, but in this very world that we find ourselves in here and now. In short, this book shows that making a simple yet utterly basic shift in our lives will awaken the silence in our beings and bring joy into our every moment.

Ever since his best-selling book *The Prophet* was first published in 1923, Kahlil Gibran has been enchanting

spiritually inclined readers with his dogma-free writings so rich with insight, wisdom, beauty, and truth. In this companion collection of little-known writings taken from his published works in Arabic, Gibran encourages us to bravely face life's hardships, and to continuously cultivate a rich inner life to set our moral compasses by. In *Visions of the Prophet*, Gibran's narrator wrestles with the hypocrisies of Christianity ("Mad John," "The Man on the Cross") and challenges hypocrisy ("Kahlil the Ungodly"). He questions how children born of corrupt marriages and living in poverty can ever become soulful creatures ("The Sister Soul," "The Woman of Tomorrow") and urges us to develop our souls ("Solitude and Isolation"). The one-act dramatic play "The Many-Columned City of Iram" shows a Sufi master, a female sage, and a seeker having a heartfelt discussion about the natures of faith and reality. Containing some of his most intellectually challenging work, *Visions of the Prophet* reveals a Gibran more vehement and vulnerable than in previous publications.

2013 Reprint of London Heinemann Edition. Exact facsimile of the original edition, not reproduced with Optical Recognition Software. This collection of parables and drawings, completed shortly before Gibran's death in 1931, is in many ways a crystallization of the poet's entire message. It is as though, as his life drew to a close, he turned more and more towards his childhood and his youth, recalling not only the mood and atmosphere of his birthplace but also his native mode of thought and phraseology. Thus the fifty or more tales of which this volume is composed are woven of the very fabric of the East. "The Wanderer's" philosophy, born out of the bitterness of his days and the dust and patience of his road, has in it the rare power to console and inspire. Seven plates are reproduced from drawings down by the author.

"The Garden Of The Prophet" is Kahlil Gibran's 1933 sequel to "The Prophet", published

Almustafa, the chosen and the beloved, who was a noon unto his own day,

returned to the isle of his birth in the month of Tichreen, which is the month of

remembrance. And as his ship approached the harbour, he stood upon its prow,

and his mariners were about him. And there was a homecoming in his heart.

And he spoke, and the sea was in his voice, and he said: "Behold, the isle of our

birth. Even here the earth heaved us, a song and a riddle; a song unto the sky,

a riddle unto the earth; and what is there between earth and sky that shall

carry the song and solve the riddle save our own passion?

A Study of Kahlil Gibran

Kahlil Gibran (1883-1931) was a Lebanese American of Assyrian descent, an

artist, poet and writer. He was born Gibran Khalil Gibran in Lebanon (at the

time a Syrian Province of the Ottoman Empire) and spent much of his

productive life in the United States. While most of Gibran's early writings were

in Syriac and Arabic, most of his work published after 1918 was in English.

Gibran also took part in the New York Pen League, also known as the

"immigrant poets" (al-mahjar), alongside other important Lebanese American

authors such as Ameen Rihani ("the father of Lebanese American literature"),

Mikhail Naimy and Elia Abu Madi. Gibran's best-known work is The Prophet, a

book composed of 26 poetic essays, first written in English in 1923. The

Prophet remains famous to this day, having been translated into more than 20

languages. Other works in English include: Spirits Rebellious, (1908), The

Broken Wings (1912), A Tear and a Smile (1914), The Forerunner (1920),

Sand and Foam (1926), Jesus the Son of Man (1928), The Earth Gods (1929),

The Wanderer (1932) and The Garden of the Prophet (1933).

This new collection of distinctive writings from the pen of Kahlil Gibran has

been rendered into English by Joseph Sheban, himself a Lebanese living in the

United States. From the wealth of poetic prose left behind y the latter-day

prophet of the Middle East, Mr. Sheban has selected some of the most

meaningful, yet unfamiliar.

This was the author's last book. It features the Prophet who returned home

after visiting his homeland in the earlier book 'The Prophet'. The questions and

views of his companions provoke inspirational answers, on subjects ranging

from loneliness to beauty and time to God.
