This study examines the US fiction and related films which makes a series of interventions in the cultural debate over the threat of nuclear terrorism. It traces the beginnings of this anxiety from the 1970s, which increased during the 1990s after the collapse of the Soviet Union. The traumatic events of 9/11 became a major reference point for this fiction, which expressed the fear that of a second and worse 9/11. The study examines narratives of conspiracies which are detected and forestalled, and of others which lead to the worst of all outcomes – nuclear detonations, sometimes delivered by suitcase nukes. In some of these narratives the very fate of the nation hangs in the balance in the face of nuclear apocalypse. The discussion considers cases of attacks by electromagnetic pulse (EMP), cyberterrorism and even bioterrorism. Some of the authors examined are present or former politicians, members of the CIA, and former president, Bill Clinton. A mage's fate is worse than death... Lucian dreams of a new life outside the cesspool of Earth. Unfortunately, his wish comes true when the government identifies him as a mage. No one knows why the mages are being born. No one knows why their powers lead to madness and death in a terrifying disease known as "the fraying". The only solution is to quarantine the mages in academies. When Lucian is exiled from Earth, he must travel to the distant world of Volsung to receive training. During the long passage, he meets a mysterious mage. She prophesies Lucian is marked by the Manifold, the reality that is the source of all magic. It is a destiny that requires Lucian to master abilities he never imagined he possessed. But that's the last thing Lucian wants. He faces a terrible choice. To accept his new reality as a mage. Or, to try and outrun destiny... Final Duty

2014 NATIONAL BOOK AWARD FINALIST Travis Coates has a good head...on someone else's shoulders. A touching, hilarious "tour de force of imagination and empathy" (Booklist, starred review) from John Corey Whaley, author of the Printz and Morris Award-winning *Where Things Come Back*. Listen—Travis Coates was alive once and then he wasn't. Now he's alive again. Simple as that. The in between part is still a little fuzzy, but Travis can tell you that, at some point or another, his head got chopped off and shoved into a freezer in Denver, Colorado. Five years later, it was reattached to some other guy's body, and well, here he is. Despite all logic, he's still sixteen, but everything and everyone around him has changed. That includes his bedroom, his parents, his best friend, and his girlfriend. Or maybe she's not his girlfriend anymore? That's a bit fuzzy too. Looks like if the new Travis and the old Travis are ever going to find a way to exist together, there are going to be a few more scars. Oh well, you only live twice.

Twenty years after the death of her father during the Battle of Altair, Lieutenant Amy Palmer returns to the system as an officer aboard the reconnaissance ship *Mirage*. Almost immediately disaster strikes and Amy, along with the crew of the *Mirage*, must face the possibility of performing their final duties. *Final Duty* is a novella set in the same universe as the other two short stories in this anthology. *Final Duty - The Speculative Fiction Anthology* is Kyle's second book and contains excerpts from his other novels. Kyle's debut novel is *Titan Encounter*, a space adventure, and his latest release the bestselling post-apocalyptic thriller *Through Many Fires*.

Braving the Storms, is the third book of the *Strengthen What Remains* series. In this latest novel, new and even more lethal problem emerges. A swift and deadly flu epidemic sweeps out of overcrowded FEMA camps and strikes the nation with horrific results. Caden Westmore struggles to keep his family and community safe, while others use the plague to advance their own military and political agendas. Terrorists smuggle a nuclear bomb into Washington D.C. and detonate it during the State of the Union Address. Army veteran and congressional staffer Caden Westmore is in nearby Bethesda and watches as a mushroom cloud grows over the capital. The next day, as he drives away from the still burning city, he learns that another city has been destroyed and then another. America is under siege. Panic ensues and society starts to unravel. *Through Many Fires* is the bestselling first book in the *Strengthen What Remains* series. *A Time to Endure* is the second book and *Braving the Storms* is the third. The science fictions novels of Kyle Pratt, *Titan Encounter* and the novella, *Final Duty*.

"Take my word for it, James Reece is one rowdy motherf***er. Get ready!" —Chris Pratt, star of *The Terminal List*, coming to Amazon Prime
The #1 New York Times bestselling *Terminal List* series continues as James Reece embarks on a global journey of vengeance. A woman boards a plane in the African country of Burkina Faso having just completed a targeted assassination for the state of Israel. Two minutes later, her plane is blown out of the sky. Over 6,000 miles away, former Navy SEAL James Reece watches the names and pictures of the victims on cable news. One face triggers a distant memory of a Mossad operative attached to the CIA years earlier in Iraq—a woman with ties to the intelligence services of two nations... a woman Reece thought he would never see again. Reece enlists friends new and old across the globe to track down her killer, unaware that he may be walking into a deadly trap.

John Morgan and his wife can barely contain their excitement upon arriving as new teachers in a Yupik Inuit village on the windswept Alaskan tundra. Lured north in search of adventure, the idealistic couple hope to immerse themselves in the ancient Arctic culture. Their move proves disastrous when a deadly epidemic strikes and the isolated community descends into total chaos. When outside help fails to arrive, John's only hope lies in escaping the snowcovered tundra and the hunger of the other survivors. His thousand-mile trek across the Alaskan wilderness grows more improbable when he encounters a blind Inuit girl and an elderly woman. The two need his protection from those who would harm them, and he needs their knowledge of the terrain and their companionship to survive. The harsh journey and constant danger push him beyond his limits as he discovers a new sense of hope and the possibility of loving again. "If you're not scared, be scared: Don Rearden's *The Raven's Gift* will propel you pell-mell into a terrifying future of plague on the Alaskan tundra—all too real if you've talked with elders who survived 1917—all too frightening if you have sense to know this future can start five minutes from now." —Seth Kantner author of *Ordinary Wolves* "The *Raven's Gift* has a winning plot, characters we've never met before, and intriguing details of a world most of us will never venture to -- creating a read that opens our eyes and finds the fault lines of a heart in one breathless sitting." —Jodi Picoult, New York Times Bestselling Author "Rearden's fresh, new voice is a kaleidoscope of cultural collision and the astonishing landscape of the heart." —Ron Spatz, Editor. *Alaska Quarterly Review* "A many layered Alaskan intrigue which is gritty and engaging and an absolutely good read... all in a world, that Alaskan world -- which I could believe." —Ron Carlson, author *The Speed of Light, Five Skies, News of the World* "Don Rearden's writing is captivating and new. This is a writer who has many books in him. I predict he will be widely read, well respected, and greatly admired." —Jo-Ann Mapson, author of bestselling novels *Bad Girl Creek, The Wilder Sisters*, and *Hank & Chloe*, author of bestselling novels *Bad Girl Creek, The Wilder Sisters*, and *Hank & Chloe* "Take a remote Alaskan village, add a dedicated teacher, toss in

a plague. The *Raven's Gift* is a page turner with a message: We Alaskans are lost if we cannot find our own way." —Bill Streever, author of *Cold: Adventures in the World's Frozen Places* "In *The Raven's Gift*, Don Rearden has created a kind of allegory for a people and place at risk, a generous and honest portrait of Yup'ik communities. His Alaska is one you won't yet have seen." —David Vann, author of bestselling novels *Legend of a Suicide* and *A Mile Down*.

Justin starts one morning as a respected businessman and ends the day a fugitive wanted by every power in the known universe. Fleeing with his 'sister' Mara and Naomi, a mysterious woman from Earth Empire, their only hope of refuge is with the Titans, genetically enhanced soldiers who rebelled, and murdered millions in the Titanomachy War. Hunted, even as they hunt for the Titans, the three companions slowly uncover the truth that will change the future and rewrite history. *Titan Encounter* is Kyle Pratt's debut science fiction novel. He is also the author of *Final Duty* and the post-apocalyptic thriller *Through Many Fires*. All of his books are available on Amazon.com. Lucas Baldwin, the young son of a powerful lord, is on his first deep space training mission. Advancing through a captured facility he encounters a lunatic girl about his age. Only later does he realize that the girl, Rachel, is speaking English, a long dead language. Rachel talks of an Earth still in existence and more advanced than the horse-and-buggy world that had supposedly been destroyed.

A tale by the creator of SurvivalBlog.com imagines a world in which a cataclysmic financial crisis prompts a total collapse of American society and forces people to fend for themselves, in a story that follows a group of protagonists who make their way to a shared secure ranch in northern Idaho, where they struggle to survive against violent looting and natural hazards. Original.

A new novel in the beloved New York Times bestselling Longmire series. What if you woke up lying in the middle of the street in the infamous town of Fort Pratt, Montana, where thirty young Native boys perished in a tragic 1896 boarding-school fire? What if every person you encountered in that endless night was dead? What if you were covered in blood and missing a bullet from the gun holstered on your hip? What if there was something out there in the yellowed skies, along with the deceased and the smell of ash and dust, something the Northern Cheyenne refer to as the É veohts é - he ó m se, the Wandering Without, the Taker of Souls? What if the only way you know who you are is because your name is printed in the leather sweatband of your cowboy hat, and what if it says your name is Walt Longmire... but you don't remember him? In *Hell and Back*, the eighteenth installment of the Longmire series, author Craig Johnson takes the beloved sheriff to the very limits of his sanity to do battle with the most dangerous adversary he's ever faced: himself.

"A Humvee parked in front of his house couldn't mean anything good." After a camping trip with his oldest son, Major Dirk Franklin comes home to find a Humvee parked in front of his house. His wife, Carol, tells him the news channels are talking about a storm on the sun. Moments later he's whisked away to a secret military facility in Portland. There, Major Franklin and others struggle to prepare for the coming collapse of society. As the world sinks into darkness, Franklin fights to save his family and the last threads of civilization. A pair of technology experts describe how humans will have to keep pace with machines in order to become prosperous in the future and identify strategies and policies for business and individuals to use to combine digital processing power with human ingenuity.

The exciting saga of Major Caden Westmore continues with *A Time to Endure* In the first book *Through Many Fires: Strengthen What Remains*, nuclear terrorism destroys six American cities. Caden struggles to get home across a stricken, terrified nation. In the second book, *A Time to Endure*, the nation's economy teeters on the verge of collapse. The dollar plunges, inflation runs rampant, and the next civil war threatens to decimate the wounded country. In the face of tyranny, panic, and growing hunger, Caden struggles to keep his family and town together. But how can he save his community when the nation is collapsing around it?

America is under siege! This set includes two stories from the bestselling *Strengthen What Remains* series. In *Nightmare in Slow Motion*, Peter helps with the evacuation of Seattle when terrorists explode a nuclear bomb. In *The Long Way Home*, five cities have been decimated by nuclear bombs when Trevor Westmore sets out to bring Sue, his pregnant daughter-in-law, to the safety of the family farm.

This manual has been designed and written with the purpose of introducing key concepts and areas of debate around the "creative economy", a valuable development opportunity that Latin America, the

Caribbean and the world at large cannot afford to miss. The creative economy, which we call the "Orange Economy" in this book (you'll see why), encompasses the immense wealth of talent, intellectual property, interconnectedness, and, of course, cultural heritage of the Latin American and Caribbean region (and indeed, every region). At the end of this manual, you will have the knowledge base necessary to understand and explain what the Orange Economy is and why it is so important. You will also acquire the analytical tools needed to take better advantage of opportunities across the arts, heritage, media, and creative services.

University of Washington students Ryan Palmer and Amy decide to bug out of Seattle when international tensions threaten to boil over into a world war. In normal times their journey to Ryan's childhood home in rural Idaho would take less than a day. But these aren't normal times. As they travel supplies become scarce, gasoline becomes impossible to buy, people panic and nuclear war erupts. Together they must confront their worst fears as they fight to reach home and refuge.

It has been more than thirty-five years since the first commercial recordings of hip-hop music were made. This Companion, written by renowned scholars and industry professionals reflects the passion and scholarly activity occurring in the new generation of hip-hop studies. It covers a diverse range of case studies from Nerdcore hip-hop to instrumental hip-hop to the role of rappers in the Obama campaign and from countries including Senegal, Japan, Germany, Cuba, and the UK. Chapters provide an overview of the 'four elements' of hip-hop - MCing, DJing, break dancing (or breakin'), and graffiti - in addition to key topics such as religion, theatre, film, gender, and politics. Intended for students, scholars, and the most serious of 'hip-hop heads', this collection incorporates methods in studying hip-hop flow, as well as the music analysis of hip-hop and methods from linguistics, political science, gender and film studies to provide exciting new perspectives on this rapidly developing field.

NEW ENTRY IN THE DRAGON AWARD WINNING ARCADE AMERICA SERIES from New York Times best-selling alternate history master Eric Flint. The passage of Halley's Comet in 1759 is catastrophic. The comet appears to strike the Earth, sundering the New World from the Old. A chain of mountains rises in the Mid-Atlantic. No ship from the Old World arrives in America. No ship from the New World can find a passage to the Old—and most who try simply disappear. The comet has also unleashed magic forces, which soon spread everywhere. Slaves begin using powers derived from African witchcraft, bringing monsters from that continent into the New World. The native tribes begin doing the same. Some European settlers devise ways to couple Old World technology with sorcery. Kraken in the Atlantic, revenants in Jamaica, Dry Hands and Floating Heads in the Hudson valley, African ogres and worse set loose in the streets of New York. Magic of all kinds, emerging everywhere, most of it poorly if at all controlled. The powerful Iroquois Confederacy disintegrates. The Onondaga Council Fire is extinguished; the Seneca and Cayuga follow their own shaman and war leader, and the Mohawks ally with the English. For their part, the English and the French in North America, who had been on the brink of war when the Sundering came, now have to contemplate what would once have been unthinkable. They must not simply forge a military alliance against the rising dark powers but may even have to unite politically behind the young English prince Edward, now the only person of royal blood left in the terrifying world created by the Sundering. About *Uncharted*:

"History and mythology meld admirably, leading to a satisfying conclusion. This hardy adventure establishes a world ripe for many more rousing stories."—Publishers Weekly "With a light and brisk narrative that propels its heroes through a

number of increasingly dangerous situations, this combination of alternate history and fantasy should appeal to fans of Eric Flint, Harry Turtledove, and historical fantasy in general."—Booklist "While delivering plenty of action that approximates the best of cinematic fantasy, Hoyt and Anderson also strive for—and achieve—a kind of gravitas that suitably reflects the majesty of an untrammelled continent. Their descriptions of raw nature and its emotional repercussions on the humans are subtly poetic without being overblown. The native tribes are depicted in authentic ways, especially the people of Sacagawea. . . .The characterization of all the cast members is deep and revelatory of human nature. . . .There is also humor amidst the seriousness. . . . [Anderson and Hoyt's] prose is a clear-eyed, sturdy naturalism meshed with flights of vivid unreality. . . . filled with not only slambang adventures but also a kind of rational optimism that has become rare in genre works these days. . . . Hoyt and Anderson, a kind of de Camp and Pratt for the twenty-first century, convey these ideals without lectures or sermons, embodying them in principled people doing exciting things."—Locus About Eric Flint: "This alternate history series is ... a landmark..."—Booklist "[Eric] Flint's 1632 universe seems to be inspiring a whole new crop of gifted alternate historians."—Booklist "...reads like a technothriller set in the age of the Medicis..."—Publishers Weekly About Walter H. Hunt: "A compelling and immersive novel in which every word feels authentic and every chapter draws the reader deeper into the dark and terrifying power of the mind."—New York Journal of Books

A post-apocalyptic thriller of the after effects in the United States after a terrifying terrorist attack using electromagnetic pulse weapons. New York Times best selling author William R. Forstchen now brings us a story which can be all too terrifyingly real...a story in which one man struggles to save his family and his small North Carolina town after America loses a war, in one second, a war that will send America back to the Dark Ages...A war based upon a weapon, an Electro Magnetic Pulse (EMP). A weapon that may already be in the hands of our enemies. Months before publication, *One Second After* has already been cited on the floor of Congress as a book all Americans should read, a book already being discussed in the corridors of the Pentagon as a truly realistic look at a weapon and its awesome power to destroy the entire United States, literally within one second. It is a weapon that the Wall Street Journal warns could shatter America. In the tradition of *On the Beach*, *Fail Safe* and *Testament*, this book, set in a typical American town, is a dire warning of what might be our future...and our end. Dr. Greg Zacharias, former Chief Scientist of the United States Air Force (2015-18), explores next steps in autonomous systems (AS) development, fielding, and training. Rapid advances in AS development and artificial intelligence (AI) research will change how we think about machines, whether they are individual vehicle platforms or networked enterprises. The payoff will be considerable, affording the US military significant protection for aviators, greater effectiveness in employment, and unlimited opportunities for novel and disruptive concepts of operations. *Autonomous Horizons: The Way Forward* identifies issues and makes recommendations for the Air Force to take full advantage of

this transformational technology.

#1 NEW YORK TIMES AND USA TODAY BESTSELLING AUTHOR "Take my word for it, James Reece is one rowdy motherf***er. Get ready!"—Chris Pratt, all around great guy and star of *The Terminal List*, coming to Amazon Prime A Navy SEAL has nothing left to live for and everything to kill for after he discovers that the American government is behind the deaths of his team in this ripped-from-the-headlines political thriller that is "so powerful, so pulse-pounding, so well-written—rarely do you read a debut novel this damn good" (Brad Thor, #1 New York Times bestselling author). On his last combat deployment, Lieutenant Commander James Reece's entire team was killed in a catastrophic ambush. But when those dearest to him are murdered on the day of his homecoming, Reece discovers that this was not an act of war by a foreign enemy but a conspiracy that runs to the highest levels of government. Now, with no family and free from the military's command structure, Reece applies the lessons that he's learned in over a decade of constant warfare toward avenging the deaths of his family and teammates. With breathless pacing and relentless suspense, Reece ruthlessly targets his enemies in the upper echelons of power without regard for the laws of combat or the rule of law. "Told with a deft hand and a keen eye for detail, *The Terminal List*...is explosive and riveting" (Kevin Maurer, coauthor of *No East Day*) and is perfect for fans of Vince Flynn, Brad Thor, Stephen Hunter, and Nelson DeMille.
